7A - CANCELLATION POLICY

In order that therapists' time is utilised effectively and that therapists cover their time and expenses, given the time that they spend in preparing for sessions, and that there are often waiting lists, a cancellation fee to the value of 100% of the session fee applies if the client does not attend their appointment, or give more than 24 hours notice of non attendance.

I, _____, am aware of the above cancellation policy and that non-attendance to appointments will incur the respective fees above. I am also aware that cancellation fees are unable to be paid for by Medicare or FaHCSIA funding.
