(TRAN) NDIS Travel Time Expenses – Providers who intend to claim travel costs from a participant must have the agreement of the participant in advance (i.e. the service agreement between the participant and provider should specify the travel costs that can be claimed). Therapy providers may claim travel costs when travelling to appointments: Therapy providers can claim **up to 30 minutes** of time against the appointment they are travelling to, at the hourly rate for the relevant support item. For example: Using item 15_005_0118_1_3 - A 75 min Off Site visit with 20 mins travel is \$242.49 + \$64.01 = \$306.50 (95mins)

Within the period of any service booking, the number of cancelled appointments charged by the provider is unlimited but noted by NDIS.

(GRP) NDIS Group Fees – Individual hourly rate of the relevant support item is divided by the number of group members per therapist. An additional non face to face (NF2F) charge is included and estimated for up to 20mins per group session (maximum 30 mins) for planning time, goal review, resource preparation, phone calls, 5 min group feedback.

CHANGES TO FEES AT THE END OF THE FINANCIAL YEAR Crisalida’s NDIS fees are all in line with the current NDIS pricing arrangements. The NDIS pricing arrangements are reviewed at the end of each financial year and fees may increase. Please note - Crisalida’s NDIS fee schedule will be adjusted to match the amended NDIS price guides if required and this may occur mid plan.
