

My appointments at Crisalida Preston

I will now be having my appointments at Crisalida's Preston office.

It has a beautiful mural on the front wall!

I'll ring the bell next to the front door and someone will open the door for us.

I can also enter from the back entrance:

There's a gate inside that we can walk through and then we'll be welcomed by one of Crisalida's friendly receptionists.

This person might be different depending on what day my

appointment is.

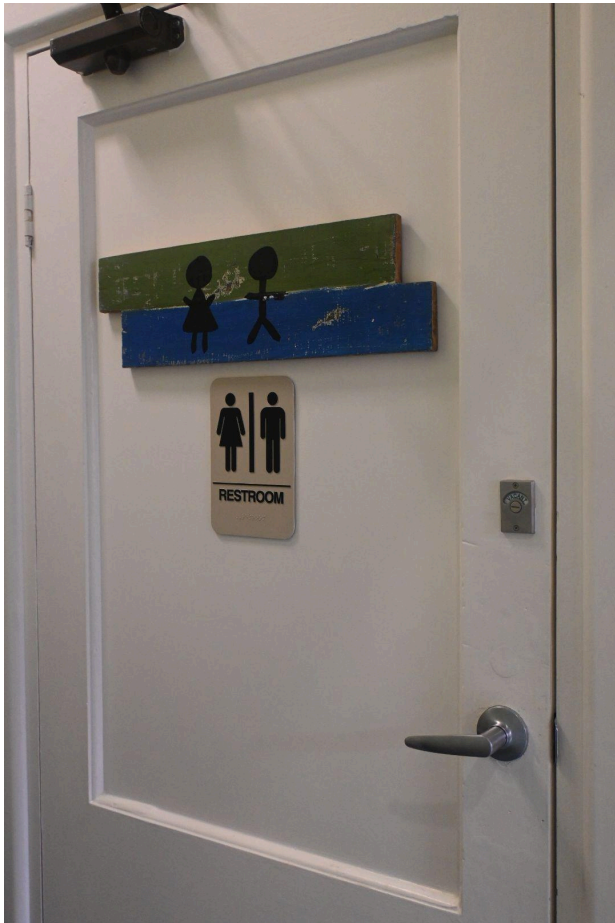

I can sit in the waiting area and when it's time for my session, my therapist will come out and say hello and then take me into their room.

The rooms have children's authors names on them. My room might be downstairs in Snicket or Donaldson. Or it might be upstairs in Willems, Salinger, Blume or Tolkien!

It might even be outside in our new studio room.

There are toilets that I can use if I need them.

Everything else will be the same as it normally is. I can ask questions to the receptionist or my therapist and they'll help me with anything I might need.
